Office: 16 Pio
Office Phone:
e-mail: buchman@colorado.edu

Text: “*Managerial Accounting for Managers*” 3rd edition, Noreen, Brewer and Garrison McGraw Hill Irwin, 2014.

Course objectives: This course introduces the principles, techniques and processes of managerial accounting. Managerial accounting addresses information that managers use to make decisions. Thus, this course is about making good decisions, influencing others to make good decisions and designing measurement systems to support those decisions. The skills you will develop in this class are applicable not only to business settings, but to any setting which it is important to make effective decisions.

After completing this course you will: 1. understand basic terminology and methods of management accounting, 2. appreciate the concepts underlying current practices in management accounting, 3. be able to apply these concepts to business problems

Expectations:

You can expect me to come to class prepared to discuss the material for the day, *in turn I expect you to do the same*. You should have read the chapter assigned for the day and have the exercises and problems prepared prior to coming to class. The assigned exercises, problems and cases will not be collected; however, part of your class participation grade will be based on your ability to intelligently discuss your solution to the assignments. The rest of the class participation grade is based on attendance and responses to questions asked by the instructor

Grading:

Class participation	10 %
Quizzes	20
First midterm exam*	23
Second midterm exam*	23
Final exam	24
Total	<u>100 %</u>

Course structure:

Class sessions will be a combination of lecture, discussions, and problem-solving. I will assign homework for each chapter. Generally I will not collect it, but a word of caution is in order here. Successful students will tell you that the only way to learn accounting at this level is to practice, practice, practice, and to understand what you are doing rather than going through the motions. I will approach homework in class by asking if there are any questions on the assigned problems. Often I will ask you to explain how you solved them so we all can learn from what you did, *if this does not seem to be working, I reserve the right to collect homework and grade it*.

* Make up quizzes and exams will not be given. If you miss a quiz or the midterm exam and you have offered an acceptable reason for missing them, your final exam grade will be used as a basis for the missed quiz/exam; otherwise you will be given a 0 on the missed quiz/exam. If you believe there is an error in grading of a midterm exam and you want the exam regraded, bring it to my attention within 1 week of the date the exam is returned to the class. There can be exceptions to the course grading policies: but only if your name is Edie Brickell, Margo Timmins, or Scarlett Johansson; if you are not one of them, don't ask.

POLICIES. Course policies are governed by the Tippie College of Business, University of Iowa.

Accommodating Students with Disabilities/Academic Accommodations

A student seeking academic accommodations such as a modification of seating, testing, timing, etc. should first register with Student Disability Services, then contact Shannon Lizakowski (Shannon-lizakowski@uiowa.edu) in the CIMBA Office to make further arrangements. See <http://sds.studentlife.uiowa.edu> for more information.

Academic Misconduct

The Tippie College of Business at the University of Iowa follows an honor code regarding academic misconduct. That code can be found at <http://tippie.uiowa.edu/honorcode.cfm> and includes cheating, plagiarism, unauthorized collaboration, obtaining an unfair advantage, forgery, facilitating academic dishonesty, and misrepresentation. Be sure you are familiar with this code. Students who exhibit academic dishonesty will receive a zero (0) for the assignment or examination involved and may receive an "F" for the class. All incidents of cheating will be reported to the CIMBA staff, as well as to the Senior Associate Dean of the Tippie College of Business. The decision of the professor may be appealed to a Judicial Board. The Honor Code for the Tippie College of Business will determine the appropriate appeal process.

Sexual Harassment

Sexual harassment subverts the mission of the University and threatens the well-being of students, faculty, and staff. All members of the UI community have a responsibility to uphold this mission and to contribute to a safe environment that enhances learning. Incidents of sexual harassment should be reported immediately. If you feel that you are being or have been harassed or you are not sure what constitutes sexual harassment, we encourage you to visit the University website, www.sexualharassment.uiowa.edu/index.php, and to seek assistance from the CIMBA Director, Brandelle Unkrich, at 319-335-1041 or brandelle-unkrich@uiowa.edu.

Absence Policy

Pursuant to Part IV, Section 8.1 of the University Operations Manual, students are to "be allowed to make up examinations which have been missed due to illness, mandatory religious obligations, or other unavoidable circumstances..."

Attendance at all classes and CIMBA sanctioned activities is **MANDATORY**. All unexcused absences will have the following consequences:

- 1st absence will result in a loss of a 1/3 of a letter grade in that class
- 2nd (cumulative) absence will result in a loss of an entire letter grade in that class
- 3rd (cumulative) absence will result in a dismissal from the program

Absences due to illness require a note from the CIMBA Office Staff. If a student is sick and cannot attend class, he/she must inform the CIMBA Staff immediately. Failure to do so will result in an unexcused absence.

Grievance Policy

Student concerns regarding this course should first be discussed with me, the faculty member teaching this course. If we can't resolve the complaint, you may contact the CIMBA Director, Brandelle Unkrich (319-335-1041, brandelle-unkrich@uiowa.edu). The Director will review the details of the complaint and involve the Associate Dean of the Undergraduate Programs, as needed.
